Request for Workshop & Activity Proposals – CampOUT! 2024

Background – All camp volunteers ('Community Mentors') contribute to our strengths-based programming! We invite volunteer applicants to submit workshop and activity proposals with their application so we can begin to envision a camp program. We encourage imaginative, critical and innovative workshop proposals that support and explore intersecting themes youth may face in their home communities. Workshops typically fall into one of four program streams: Leadership & Allyship, Campy Arts, Wellness, and Outdoorsy/Land-based programming.

We invite workshops that promote learning in non-traditional and fun ways. In other words... if your workshop idea could easily be done in a school or urban environment, please re-imagine a way of engaging with your content that could only be done in a space like CampOUT! In the past, successful workshops draw on creative facilitation, movement, arts, collaboration, sound, engagement with outdoor spaces, opportunity for peer connection, play, supported risk-taking, and a combination of reflection and action.

Programming Goals: We want to encourage youth to build on and share the strengths, relevant knowledge, and skills they bring to CampOUT! Our programs support participants to work together, engage in understanding one another across differences, challenge social norms, celebrate our many communities, and motivate social change through inclusive education and relationship building. Campers are seeking learning and engagement opportunities that are different from what they can access at school. We invite you to propose workshops and activities that cater to many different styles of participation and will spark learning and engagement that can be continued beyond camp. CONTACT CAMP.ROUT.DIRECTOR@UBC.CA FOR SUPPORT PLANNING CAMP SESSION PROPOSALS

2024 CampOUT! Theme: TBA

Proposal: In your proposals, we encourage you to tap in to your pre-existing skills, leadership strengths, and passions. You could also try something you don't often get to do! We encourage you to bring your unique perspectives and ideas – stretch if you see new opportunities to contribute, and feel free to reinvent existing workshops/activities in your own way! It may be useful to look over past [Program Guides](#) to help you get a sense of our program goals and vision, and think how your ideas might align with our core programming areas.

**Workshops will be 60-80 minute sessions that fall into one of the key program categories: Leadership & Allyship, Campy Arts, Wellness, and Outdoorsy/Land-based programming.*

**Activities will be 30-90 minutes sessions that embody the spirit of traditional camping (and perhaps have a fun 'campy' twist). These may take the form of arts and crafts, recreational games, nature walks, morning yoga, campfire singalongs, stargazing, kayaking, canoeing, hiking, or even a guided meditation!*
